***Did you know-- if you have some non-tennis fans going they can enjoy:***

At 1,255 acres, Flushing Meadows Corona Park is one and a half times the size of Manhattan's Central Park.

The park is so big that it plays host to the New York Mets at Shea Stadium and US Open Tennis, as well as to hundreds, even thousands, of visitors who come for weekend picnics, strolls, festivals, soccer games, and other activities. There are two lakes, a pitch-and-putt golf course (miniature golf), playing fields, picnic areas, and bicycle rental stands (more on park activities).

The Park is home to the Queens Museum of Art (and its amazing diorama of NYC's five boroughs), the New York Hall of Science (an interactive science learning center), the Queens Zoo, the Queens Theatre in the Park, and the Queens Botanical Garden. The park hosts several annual festivals, including the Colombian Independence Day Celebration (one of the largest Latino events in NYC) and the Dragon Boat Festival.

The World's Fair was held in Flushing Meadows Park twice: in 1939-40 and again in 1964-65. Two towers from the 1964-65 World's Fair -- also featured in Men in Black -- still dominate the area's skyline, though they are in a sorry state. Other facilities from the fairs include the NYC Building (housing the museum and an ice rink), the Unisphere, and numerous statues and monuments.

***Testimonials:***

*"Our trip to the U.S. Open tennis tournament was FANTASTIC! Broach Sports Tours, Carlos, and his associates could not have done any more to make sure that every client on this trip had the best experience possible. They took care of every detail and went above and beyond expectations on numerous occasions. Our accommodations were wonderful (Maria Sharapova even stayed there). Throughout the event they worked to upgrade our seats and stayed in contact to see if there was anything else they could do for us. Thanks for a memory that will last a lifetime!"*

*Mark McClure: Your US Open travel package was perfect - all of my expectations were exceeded. In addition to spectacular tennis at Flushing Meadows I compliment you on your choice of the hotel. That was a great location for a short subway ride to the Open and easy access to mid and lower Manhattan. I wanted to get familiar with Manhattan and I did thanks to being in a central location. Thanks for being available for sightseeing tips and guidance. Thanks also for the gifts you included in your trip package and the surprise limo ride to the Open. And thanks for the US Open stadium seating tips and the Sharapova sightings. I never did go to my purchased seats!*
